Three Rangers is a product born of Brotherhood, Service, and Sacrifice. Decades ago the founders of Three Rangers committed themselves to a higher purpose to serve our Nation. They, along with the hundreds of thousands of others who have given themselves to the same commitment, sacrificed their time, health, and comfort for a greater good. This measure of devotion is a gift of those from the past, provided daily for those who currently Serve, and will continue in the future as the next generation takes on the mantle of leadership to provide freedom and security for this great Nation of ours.

### **Three Rangers Mission**

*To Recognize, Honor, and Celebrate  
those who Serve and Sacrifice*
